T Harish Rao

The Trident Hotel played venue to the third edition of the Times Business Icons award ceremony, powered by Telangana Tourism, on 14th September 2017. The chief guest Harish Rao (Cabinet Minister for irrigation, marketing and legislative affairs, Govt. of Telangana), presided over the ceremony that felicitated the pioneers of retail and realty sectors in the city of Hyderabad.

The evening saw Hyderabad's top personalities come together to celebrate success, innovation and commitment. The winners were awarded at a glittering ceremony that was graced top business persons, eminent personalities and celebrities from Tollywood. The glitzy event also saw special guests actors Tamanna Bhatia, Rashi Khanna, Sai Dharma Tej and B

Venkatesham IAS (Secretary YAT and C Department, Govt. of Telangana), applaud the icons and give away the awards.

Speaking at the event, the minister expressed confidence that after the formation of Telangana, the state has witnessed tremendous growth. The minister spoke at length about how multinational corporations are increasingly investing in Hyderabad's real estate sector, where the builders cater to different segments like middle class, upper middle class, corporates etc.

The minister stressed on the achievements of the KCR-led TRS government in the state, with particular emphasis on a better law and order situation in the city and the progress made to resolve power shortage and drinking water supply. Dispelling all misgivings about how

Telangana may fare after bifurcation, he highlighted that the city has emerged one of the most peaceful metropolitan cities in India.

Hyderabad is now connected with Krishna, Godavari and Manjeera rivers while there is a water grid coming up around Outer Ring Road, which will eliminate drinking water woes forever. Moreover there will be dedicated reservoirs, one on Godavari and other on Krishna River which would store not less than 10 TMC feet of water, exclusively for the city's drinking water supply. Moreover, the minister added that one lakh CCTV cameras are being installed for round-the-clock security while express corridors and flyovers are also coming up on Karimnagar, Warangal and Nizamabad highways in the city's suburbs. He also

spoke about the growing demand for commercial space in the city and expressed his appreciation for the entrepreneurs who according to him are not only providing livelihood opportunities but also contributing for the growth and development of India in general and Telangana state in particular.

The star studded event saw the movers and shakers of the industry socialise in an informal setup. With live music by 'Theorey' filling the air, the guests enjoyed the delectable food, exotic drinks and outstanding hospitality. The audience was also entertained with a rib tickling stand up comedy act by Rohit Swain and a magnificent sand art performance by Hari Krishna. The shutterbugs enjoyed capturing the glitzy event that was high on fashion.
